November/December 2018 Edition

ACTIVUS

TRANSPORT

Message from the GM

Welcome to our last Calendar for the year. This year has gone so fast, here we are already planning for Christmas and our summer season of outings.

Due to increases in the cost of delivering our bus outings, from the 1st of January 2019 we will be increasing the cost of the transport on our social outings to \$20. This will bring the bus trips in line with the cost of the car services. The cost of shopping will remain at \$10 as these trips are of shorter duration and have less administration involved.

We are also asking all of our clients who have an email address, to provide that to our staff. Emails are a fast and cost effective way of sending out information to our clients, and any way we can cut costs allows us to provide more services.

Activus has been busy this year with changes to the National Disability Insurance Scheme and the Point to Point transport taking a lot of our time and energy, now we have these services settled we are looking at new opportunities to provide more services – remember, if you have any ideas for future trips, please contact Marie in our office and give her your ideas. We can't do everything but I think you will agree that we have a great variety of outings in the calendar for you over the coming months.

I would like to take this opportunity to thank all of our clients for your support over the past year and to wish you a Merry Christmas and a Happy New Year with many more outings to come.

Yours,

Roslyn Morton
